

We are pleased to announce that Rexroat Sound RS Companies, LLC dba **SUTTON POWER** acquired substantially all of the accounts of Don Sutton Lighting, LTD. It is our goal to make this transition as seamless as possible for you. All services previously contracted through Don or Jean are being logged into our calendar. We would, however, like to establish a relationship with you prior to your event. Establishing a line of communication via email is recommended.

Mr. Nathan Judd will be your new account representative. His contact information can be found at the bottom of this page as well as on the enclosed business card. Nathan would like to meet with you at your convenience to personally discuss your temporary event power needs. Please contact him by phone or email to set up a time.

SUTTON POWER will continue to offer all of the temporary electrical power and lighting services previously carried out by Don Sutton Lighting, LTD. For those who are not personally familiar with the Suttons (Don and Jean), they have done a tremendous job of building and nurturing relationships with their clients throughout the years and we will proudly continue their excellent tradition. While they both continued to efficiently and effectively handle all of the challenges of event productions, they are now happy and excited to transition into a new phase of life – retirement.

Most of the techniques and pricing you have become familiar with will continue as normal. Since Don enjoys taking good care of people, he will continue to be around on some of the setups to interject his experience and expertise. For this we are truly grateful! Looking ahead you will enjoy efficiency, modern communication, and ingenuity provided by our company.

SUTTON POWER is now supported with Rexroat Sound's expansive inventory of staging, lighting, and power equipment to compliment the available services. In addition, our company provides stage roofs, sound reinforcement, sales, service, and installation of anything relating to audio, video, and lighting. If you have a need to bundle any of these services do not hesitate to give us a call. We look forward to serving you.

Sincerely,

Scott Rexroat
